

How to get into your Purple Ruler space

Six steps, about one minute. Keep this sheet somewhere safe: it carries your login.

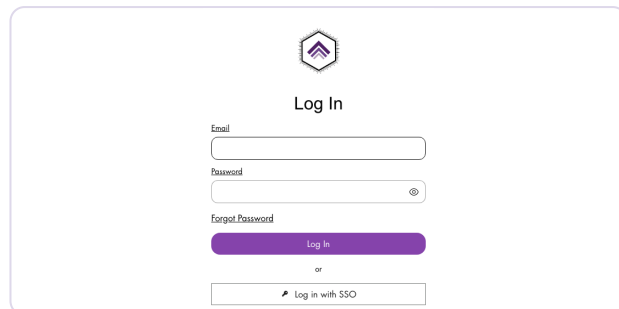

1 Go to the website

Open purpleruler.com in any browser. The Log In button sits at the top right of the page.

2 Open the login box

Click Log In. A small box opens asking for an email address and a password.

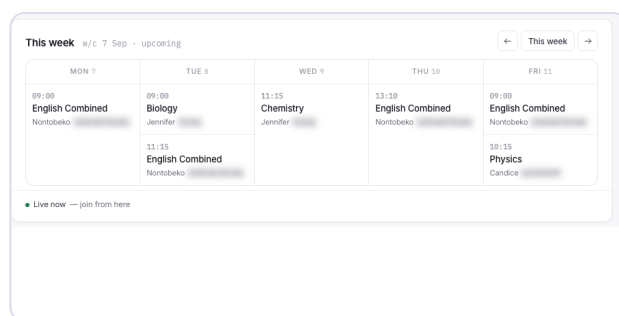

3 Type the details below

Use the email and password written at the bottom of this sheet, then click Log In.

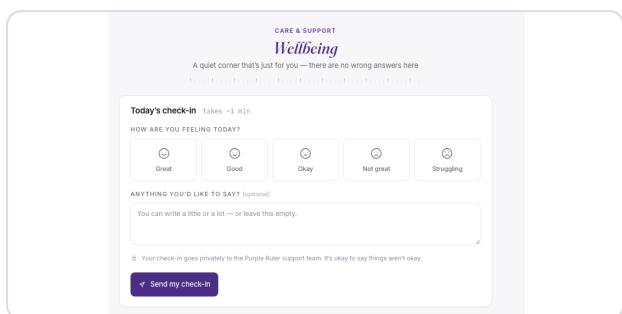

4 Your week of lessons

My Lessons shows the week. A join link appears on a lesson 30 minutes before it starts, and the one running now is marked Live now.

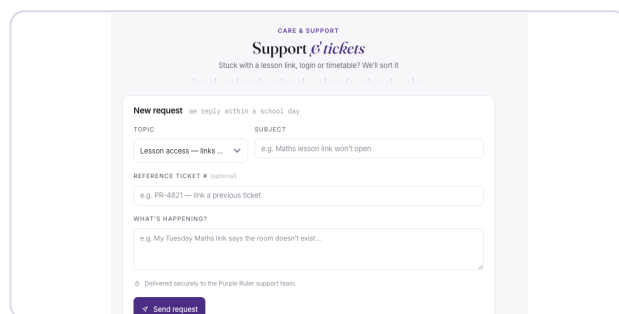

5 Wellbeing

A private check in that takes about a minute. It goes to the Purple Ruler support team, not to your class.

6 Support and tickets

If something will not open or a lesson is missing, raise it here and our team picks it up.

Your login

The school or Purple Ruler fills these in. Do not share them with anyone outside your household.
